

**The Profibus Association of Australia + New Zealand (PAANZ)** is one of 25 Regional PI Associations (RPA) representing Profibus International (PI) worldwide. We are responsible for the marketing, promotion and support of PROFIBUS and PROFINET technologies across Australia and New Zealand. As part of a global network with over 1,800 members, PI unites vendors, developers, system integrators, and end users from diverse industries, all committed to advancing industrial communication standards. This network also includes universities and research institutions, benefiting from access to cutting-edge information to maintain a competitive edge in the market.

PAANZ membership is an annual-based membership that is renewed at the beginning of each year. Membership is open to hardware, software, and system vendors, as well as end users, operators, scientific institutions, and industry federations—any organisation that supports the mission of PI and its regional associations. Join PAANZ and become part of a global movement driving innovation, interoperability, and efficiency in industrial communication.

## Membership Benefits:

- Access to comprehensive marketing and technical documentation, including specifications, standards, and technical profiles.
- Exclusive invitations to expos, seminars, conferences, workshops, and networking events.
- Participation in webinars and online knowledge-sharing activities.
- Technical support and industry insights to stay ahead in industrial automation and process optimisation.

### Manufacturer

annual membership fee: **\$1,650.00 (ex GST)**

This membership level is suitable for companies developing and/or manufacturing their own PROFIBUS, PROFINET, IO LINK products and/or services.

- Access to all PI resources: specifications, guidelines and other technical documents published by PROFIBUS International & PAANZ.
- A copy of PROFINEWS.
- Complimentary listing on the Members directory and Product Finder sections in both PAANZ and PI visible to both members and non members.
- Other complimentary and discounted opportunities to advertise through our publications and medias.
